

Bryce's Dream

Dream *(Interpretive Notes In Red)*

A bunch of **friends** and I were packed in a **car driving** on a really **dangerous road** going somewhere and had lots of **obstacles** and **monster type creatures** that seemed to be trying to stop us. The monsters never actually seemed to get to us, but I was always feeling like they were close. I was in a lot of turmoil and fear.

During the trip we were **suddenly** at a **house** that was **dark** inside. There were a lot of people inside the house. I said **wouldn't it be great** if someone made a **movie** about the **End Times** in an accurate way to how it is actually going to happen according to **Revelation**. Then my **mom** came out of one of the dark rooms with a few other people around her and **said**, "I've **already started** it," and showed me a **poster** of the movie.

friends - companionship, not being alone, confidence, support, possibly angels
car driving - purpose, destination, ministry, transport, goal, transition
dangerous - risk, conflict, fear, threatened, vulnerable, uncertainty
road - going somewhere, choice, direction, destination
obstacles - stumbling block, barrier, challenge, hindrances
monster type creatures - demons, bad, malicious intent, coming against resistance, an enemy doesn't want him to reach his destination

suddenly - unexpected, an event, quick change, surprise, time-related
house - place of refuge, residence, intimate environment, safety, the Church, hiding place, place of rest
dark - hidden, persecution
"wouldn't it be great" - idea, excitement, desire
movie - influence, depiction of story, awareness, art, plot, acting, epic, emotions
End Times - last days
Revelation - authenticity
mom - faithful, consistent, loving, wisdom, authority, nurturer, influence, affectionate, close friend (Holy Spirit)
said - revelation, Daniel 2
already started - the End Time drama has already been unfolding
poster - proclamation, marketing, indication of the storyline, sign, details (when, where...etc), draws you in, gives away the most climactic part

I don't remember the picture on the poster but it was something intense, on the bottom said three things, I only remember "**Nuclear**" and "**Islamic**". I don't remember the third word. "Islamic" **stood out** to me the most.

"Nuclear" - war, fire, mass destruction, quick, wickedness, death, long-term effects, poison/radiation
Islamic - religion, perversion of truth, blind allegiance, organized, principalities and powers
stood out - emphasizing Islam

We finally **reached** our destination which was the **Sears Tower** in Chicago. Suddenly we were all on **top** of the Sears Tower having a prayer meeting for the nation. All of a sudden, everyone around me ran to the edge of the building and began to **hang off the side** of the tower, dangling with only their hands grasping the metal fencing (guard rail) around the edge. I also saw **Christie Ann** run to the edge and I wanted to stop her because it seemed very dangerous. I naturally thought it was crazy to hang off the edge, but realized that it was the **right thing to do**, but was so afraid of falling. The people doing it had no fear but were very confident and strong to hold on. As they continued praying from that position, I laid down on the middle of the building out of fear of being blown off of the top. Suddenly I had the understanding that the people praying were hanging off the edge to symbolize how close America was to **death**. They were doing intercession and were **not thinking of themselves** but the nation.

reached - fulfillment, completion
Sears Tower - tallest building in the Western Hemisphere, pride, high places, Babel, memorial, symbol of rebellion, money/economics
top - praying over, high view, praying with understanding, contending at the battle front, taking a stand, intercession
hang off the side - opposes logic, seems foolish, making a statement, vulnerability, humbling, no fear, confidence, requires strength (in the Lord), Ezekiel 33, watchmen, living sacrifice
Christie Ann - joy, the joy of the Lord is your strength
right thing to do - praying with action, confronting, "on the edge", place of risk and weakness, interceding, 2 Corinth 12
death - finished, fruit of sin, dangerous place to be, end, hard transition, superpowers are generally not destroyed from the outside- they are destroyed from the inside through immorality and division, collapse of financial order, economic crisis
not thinking of themselves - Hosea, martyrdom, proclaiming Christ

Primary emotions in dream - fear, uncertainty, urgency

Primary actions in dream - Traveling, Monsters trying to stop, discussion of making an accurate End Time movie, praying at the Sears Tower, hanging off the edge to symbolize urgency

Interpretation

The Lord is with you and will accompany you as your friend as you travel down what will seem like a perilous road in the coming days. On the journey, there will be moments of risk, conflict, vulnerability,

as well as resistance from the enemy. Sometimes you may experience fear, turmoil, and uncertainty. However, the Lord is with you. On the journey, He will take you to the place of refuge, hiding, and rest, and there He will bring to light what is hidden to your understanding concerning the unfolding drama at the end of the age. He sees your desire to have understanding that corresponds to what He has revealed in Revelation concerning the end times. The Holy Spirit is with you, and wants you to be assured of His faithfulness, love, wisdom, authority, affection, and friendship. He is the Spirit of wisdom and revelation, and will bring to light what is hidden in darkness, for in fact the End-time drama is actually already in motion. There is coming a time of mass destruction and death, and the Lord is highlighting the Islamic ties to this. The Lord is preparing you for the days when you “arrive” and these events actually occur. He is going to use these events to confront the pride, mammon, idolatry, and rebellion of man. During this time, you will need to intercede and pray from a place of understanding. It may seem foolish in the eyes of man, but when these shakings come, you will need to trust the Lord on the “edge.” When you are confronted with fear in the situation, everything in you may want to fall down or default to what seems safe according to the wisdom of man. The Lord will actually encounter you with joy on the edge. As you pray fervently as a living witness from what may feel like a place of such weakness, risk, and vulnerability, His grace will give you unusual strength, confidence, and ability to hang on tight. America – a great “superpower” by man’s definition – is in for a hard transition and life as we now know it will come to an end when these things happen. The hour is urgent, and we must pray.

The Lord is with you, He’s going to give you understanding of what’s to come, He will strengthen you.
